

Biologist, Biochemist (m/f/d) for Protein Purification

To strengthen our team at our headquarters in Monheim, we are looking for a biologist or biochemist (m/f/d) for protein purification with immediate effect.

Cube Biotech is a biotechnology company located in Monheim between Cologne and Düsseldorf. We are a global service provider for the pharmaceutical industry as well as a manufacturer of high-quality products for protein purification and stabilization. Customers of our products are university laboratories, the research-based pharmaceutical industry as well as biotechnology companies.

Our team at Cube Biotech currently consists of 32 people. We are looking for communication, openness and flexibility. In return we offer an interesting and diversified job with the perspectives of a fast-growing company.

To be able to offer our services to customers all over the world, we are looking for you to support our team.

Your tasks

- Processing of complex service projects for our customers in the pharmaceutical and biotechnology industries
- Development of purification strategies for soluble proteins and membrane proteins, literature search
- Use of "state of the art" technologies for membrane protein stabilization such as nanodiscs or synthetic co-polymers
- Method development
- Preparation of results in the form of project reports and presentation
- Collaboration in the organization of laboratory procedures

Your profile

- You have a degree in biology (M.Sc.) or related fields, optionally with a PhD
- Profound, practical and theoretical knowledge in the field of protein purification is essential

- ideally you have already worked with membrane proteins
- theoretical and practical experience in biophysical protein characterization complete your profile
- you have a high degree of organizational skills, are flexible, communicative, reliable and a team player
- very good spoken and written English skills
- proficient in MS-Office, especially Excel, and good computer skills

We offer:

- Extensive initial training
- Responsible and interesting work
- a full-time position (40 hours per week), regular working hours (Mon - Fri); an employment limited initially to two years in a future-oriented market
- Cooperation in a motivated team with short decision-making processes, flat hierarchies and always open communication
- Free parking in front of the door, canteen subventions & free drinks

If you are interested in becoming a part of our dedicated and friendly team, please email your application in PDF format to: contact@cube-biotech.com
